Marvel Strike Force is a popular Android game from FoxNext that lets you control some of the most famous characters from the Marvel Universe, including Spider Man, Groot and Thor! All of these characters are rendered in superior quality and brought to life with plenty of RPG and strategy elements in this RPG. Can you defend the planet against the attacking aliens? You have all the superheroes and super villains you could ever need! Marvel Strike Force has a large number of loyal followers, and for good reason. With regular updates to the gameplay, the world of Strike Force is always evolving. The battle looks great for a mobile game and the graphics aren't too bad either. 5v5 battles with your handpicked team let you experience the joys of the Marvel universe, all on a device you can fit in your pocket. Best Features of Marvel Strike Force There are quite a few aspects of Marvel Strike Force that make the game so unique - it's great graphics, officially licensed superheroes, and tactical gameplay that allows players to really get stuck in the game. With its regular updates, which often include new additions to the hero and villains, there are also plenty of updates and changes balanced with responses to the community around the game. Graphics Marvel Strike Force has great graphics when you consider that it is a free game on the Android Store. Each hero and villain has been carefully rendered to look just like their movie counterparts - the Hulk is bright green, Iron Man has cool lighting effects on his suit, and Thor's hammer soars with thunder. 5v5 battles are intense and look great - as if you were making a real Marvel movie! Personalities It wouldn't be a marvel without superheroes and villains. Fear not - Marvel Strike Force is packed with all the most famous members of the Marvel universe, from Iron Man to Doctor Strange. All of these characters have their own unique skills and abilities associated with their movie roles - discovering the unique aspects of each character will help you build an unbeatable team. Play Marvel Strike Force is more than just a celebration of the success of the Marvel universe over the past decade, it also stands on its feet as a tactical RPG-style fighting game. You need to assemble a team of 5 of your ideal characters, and strike a tactical balance between who works well with whom. Sometimes you may find it good to keep a balance between both superheroes and supervillains! Upgrade while you play Like all the best mobile games, Marvel Strike Force has a strong sense of progression as you move through the game. The more you play, and the level of your characters, you'll unlock all kinds of cool new abilities, outfits, and other upgrades. Although the game is free, many of these upgrades can be purchased as a micro transfer if you don't want to continue the game, although a lot of the content is available for free if you play a lot! Marvel Strike Force Tips & Tricks Learning how to get better in Marvel Strike Force is not very complicated - you first need to focus on which characters are better in the current definition, and there is a lot of information online about which of these characters are, because they change regularly due to the consistency of game updates. Characters can be unlocked by completing achievements, participating in limited-time events, and competing in the normal raid mode.
