Fallout: New Vegas Mobile Android iOS is an open-world RPG. The game takes place in the year 2287, in post-apocalyptic America, two hundred years after the world nuclear war and shortly after the events of Fallout 3. The playable character, known simply as the Courier, is hired to deliver a valuable package to the city of New Vegas (formerly Las Vegas), but the Courier becomes a victim of a robbery and almost dies, and during the further game he tries to unlock the package and take revenge on his offenders. The game gives the player the opportunity to freely explore New Vegas and its surroundings of the Mojave Wasteland, independently find tasks for themselves and participate in the confrontation of several parties fighting for control of the city and Hoover Dam. Although the game uses the same game engine as the previous game in the series, Fallout 3, similar gameplay, textures, and a number of borrowed game assets, it is not a direct sequel to Fallout 3, instead using themes, world elements, and some characters from Fallout 2 and concepts for Fallout: Van Buren, a canceled project by Black Isle Studios. New Vegas received critical acclaim from critics, noting the game's closeness to the series' roots and the sheer amount of game content available to the player, but pointing out a large number of bugs and technical issues. At the end of 2010, over 5 million copies of the game had been sold. Fallout: New Vegas Android iOS introduces new weapons and their modification system. The weapon modification system allows you to install (and irrevocably) optical sights, change the rate of fire and magazine capacity, weight, and damage caused by weapons. As in the previous game, there are unique weapons, improved in advance. Download Link click here. Fallout 4 Android Game Full Setup APK DownloadAbout GameFallout 4 is an activity pretending game created by Bethesda Game Studios and distributed by Bethesda Softworks. It is the fourth fundamental game in the Fallout series and was delivered worldwide on November 10, 2015, for Microsoft Windows, PlayStation 4, and Xbox One. The game is set inside an open world dystopian climate that incorporates the city of Boston and the encompassing Massachusetts area known as "The Commonwealth". It utilizes various neighborhood tourist spots, including Bunker Hill, Fort Independence, and Old North Bridge close to Concord, as the extension out of Sanctuary Hills. The fundamental story happens in the year 2287, ten years after the occasions of Fallout 3 and 210 years after "The Great War", which caused calamitous atomic annihilation across the United States. The player expects control of a person alluded to as the "Last one standing", who rises out of a drawn-out cryogenic balance in Vault 111, an underground atomic aftermath cover. In the wake of seeing the homicide of their life partner and abducting of their child, the Sole Survivor branches out into the Commonwealth to look for their missing kid. The player investigates the game's trail world, finishes different missions, assists groups, and gains experience focuses to step up and increment the capacities of their person. New highlights to the series incorporate the capacity to create and oversee settlements and a broad making framework where materials rummaged from the climate can be utilized to make medications and explosives, update weapons and protective layers, and build, outfit, and further develop settlements. Aftermath 4 likewise denotes the principal game in the series to highlight the full voice representing the hero. Fallout 4 Game TrailerFallout 4 Android Game Full Setup APK DownloadGameplayFallout 4 is an activity pretending game set in an open-world climate. The interactivity is like that of Fallout 3 and Fallout: New Vegas, the two past essential emphasis in the series. Be that as it may, in contrast to the past two titles, the weapon interactivity was taken care of by id Software. Returning highlights incorporate a camera that can switch between a first-individual and third-individual viewpoint. Aftermath 4 presents highlights including a layered shield framework, base-building, a discourse framework including 111,000 lines of exchange, and a making framework that carries out each lootable item in the game. Adversaries, for example, Mole Rats, Raiders, Super Mutants, Deathclaws, and Feral Ghouls return alongside the buddy Dogmeat. The player can uninhibitedly wander in the game's reality and leave a discussion whenever. In the event that the player has found a specific area, they might quickly venture out to it. Weapons can be tweaked as well; the game incorporates more than 50 firearms, which can be created with an assortment of alterations, for example, barrel types and laser center, with more than 700 adjustments accessible. Force Armor has been upgraded to be more similar to a vehicle than an equipable suit of protection, requiring energy centers and being basically extra weight without it[4] and can be altered, permitting the player to add things, for example, a jetpack or choosing separate kinds of defensive layer for each piece of the suit. Fallout 4 Android Game Full Setup APK DownloadAnother element of the series is the capacity to create and deconstruct settlements and structures. The player can choose and separate many in-game items and designs, and utilize the resultant crude materials to unreservedly construct their own constructions. Also, the towns can be controlled with working power, utilizing an electrical cable framework. Traders and non-player characters can possess the player's settlements, for which the player should give food by developing food in shoddy fixes and building water siphons. The player can assemble different guards around their settlements, like turrets and traps, and bombs, to shield against irregular assaults. Fallout 4 Android Game Full Setup APK DownloadSystem Requirements MINIMUM: OS: Windows 7/8.1/10 (64-bit versions) Processor: Intel Core i5-6600k 3.5 GHz /AMD Ryzen 3 1300X 3.5 GHz or equivalent Memory: 8 GB RAM Graphics: NVIDIA GTX 780 3GB /AMD Radeon R9 285 2GB or equivalent Network: Broadband Internet connection Storage: 60 GB available space RECOMMENDED: Fallout 4 Free APK Android Mobile Game Version Full Download Description: The role-playing series Fallout, or rather, its fourth game, got a lot of rumors long before its release. The project was created by Bethesda Softworks, and was presented in November this year. The players managed to talk about a lot and assumed a lot, communicating with each other on the Internet. Many argued about the presence of a post-apocalyptic world, but during the presentation of the video, the calm, peaceful life of the heroes was presented. Fans did not expect this, and did not even imagine that Fallout would appear in this form. There have been changes, but not so significant. At the beginning of the game, an alarm will sound, and you will have to get to the shelter in time. For 200 years, the character will be imprisoned in a cryo chamber, and after the release will face the Wasteland, which is already familiar to many. Fallout 4 Free APK Android Mobile Game Version Full Download In this part, the Wasteland will be rich, with architectural objects of increased complexity, and in large numbers. Construction is now also available to players. You can find and collect various unnecessary items and things that will be useful for building your own home. But that's not all. You can even create an entire village, build various establishments in it, and endow with vegetable gardens. In a personal shelter, turrets and the presence of protective weapons are most valued. After all, you have to defend your territory and land, since raider attacks happen regularly. Those who decide to download Fallout 4 via torrent will have to immerse themselves in a fun and exciting gameplay, with a campaign, tasks, personal time. Fallout 4 description: Continuing the RPG Fallout 3 with a post-apocalyptic character, the fourth part is endowed with a dynamic and well-developed combat system, different from the previous part. The modernization has touched some modes, for example, in VATS you can use a critical shot, but do not expect your opponents to completely stop. They will move, but at a lower speed. This made all the fights more realistic. Also, the creators worked out every detail, for example, flying fragments of buildings or armor after a shot. You can upgrade the arsenal of weapons to your taste. Your armor now resembles a vehicle. It is subject to improvement, has its own interface, a certain type of management. In addition, a flying backpack can be attached to it. Events will unfold in Boston. More precisely, this city no longer exists, you will just find yourself in that place. Your character comes from Vault 111. He has an important task, and he must go and look for the GECK. The persona now has voice acting, which made the game more interesting and realistic. You will have new enemies. They will be as creepy as the previous ones. Features of the game: - You will be transported to the vastness of the post-apocalyptic world filled with various original locations. A huge number of evil enemies are waiting for you. There will be many classes and tasks, you will not be bored. - Improved the expressiveness and detail of the game world of Fallout 4. Added dynamics. With the help of the new engine and other elements, the game has achieved significant improvements. - You can now create your character, original, unique. For this, the developers have improved the SPECIAL system. All its abilities and traits, as well as features, can be customized as you wish. Create your ideal hero. - All battles will be spectacular and realistic, since game developers have improved the VATS combat mode. Opponents do not stop completely, continue to attack you, but at a very low speed. Their number will increase. - Fallout 4 game involves collecting a large number of items. In the future, they can be used in construction, modernization, to improve weapons, and so on. Crafting here is very wide. Now you can create whatever you want. - You can build yourself a house from scratch, or start arranging an existing small room. You can create a whole village, endowing it with infrastructure, protection from invaders. - The game was released in 2015, so everyone can download the Fallout 4 torrent for free from our resource.
